CVD2 – All cards receive CVD2 PIN protection and will be set to decline manually keyed transactions missing CVD2 where CVD2 is required.

Section 10: Merchant Signature

This section must be completed with actual signature of subscribing merchant. If this form has been completed electronically, please print and request a signature. The signed form should be completed and forwarded to Gift Car Implementations in the Dallas office.

I agree that the information collected within this form and the program rules selected are correct and that Paymentech may move forward with enrollment utilizing these rules as they apply to Gift Card program cards. Selections made during enrollment represent binding program rules and any changes requested by the subscribing merchant will be made at Paymentech's discretion. Merchant understands that the functionality being requested may be restricted or even prohibited by the laws of the various states in which the Cards may be offered, sold or redeemed. Merchant is required to comply with all applicable federal and state laws and regulations, and should consult with legal counsel to determine whether the requested functionality is permissible in the jurisdiction(s) having authority over Merchant's Card program.
